

An Inspired Future

Attention Emerging Leaders! Are you a student looking to learn more about sustainability? If so, BLJC would like to invite you to apply to attend our upcoming event "An Inspired Future." We are looking for bright, innovative thinkers interested in learning more about companies pursuing corporate sustainability.

An Inspired Future will offer business professionals the opportunity to learn, network and engage with many of Canada's industry leaders, including top organizations from the financial services, resource, retail, government, telecommunication and technology sectors.

As the world becomes more aware of the need to reduce our environmental impacts, organizations are proving that those companies that are leaders in the area of sustainability will prosper. We hope to have you learn about their sustainable initiatives and the economic benefits that can be captured through their products and services.

Top leaders from across Canada will be present for you to network, and engage in dialogue on how they are achieving their sustainability goals.

Gord Hicks, President BLJC
